1870 CENSUS - BROWN COUNTY - HUNTINGTON TOWNSHIP

NOTES

The person who extracted this township census notes that the film copy was very poor. This will account for the many question marks and items that do not seem to make much sense. I also have a copy of this film and can verify that it is extremely difficult to read. ---SFW

Abbreviations and symbols:

# after a name denotes that this person is black.
## denotes this person is a mulatto.

AUST. - Austria
BAV. - Bavaria in Germany (there is also BADEN, but I do not think I ever abbreviated it.)
ENG. - England
HAN. - Hanover in Germany
IRE. - Ireland
NUR. - Nuremburg in Germany
SCOT. - Scotland
WURT. - Wurtemburg in Germany

Special Note: The town of Aberdeen runs from Census pages 55-58 per the abstract.

If anyone has any questions on the information contained in this township census, I'll be happy to try to help.

2&7&9 (Numbers that look alike)

Ind. & Md. (States that look alike)

When a census page change occurs in the middle of a household--the first person (of this household) to appear on the next census page will have a page number following their name. Also, a notation following the Dwelling # and the order of Visitation #, indicates that this household can be found on two census pages. Example: 480-482 census pages 951 & 952.

Ind. & Md. (states that look alike)

When a census page change occurs in the middle of a household--the first person (of this household) to appear on the next page will have a page number following their name. Also, a notation following the Dwelling # and the Order of Visitation #, indicates that this household can be found on two census pages. Example: 395-398 census pages 595 & 596.
